

# Solution Fact Sheet

Name: \_\_\_\_\_

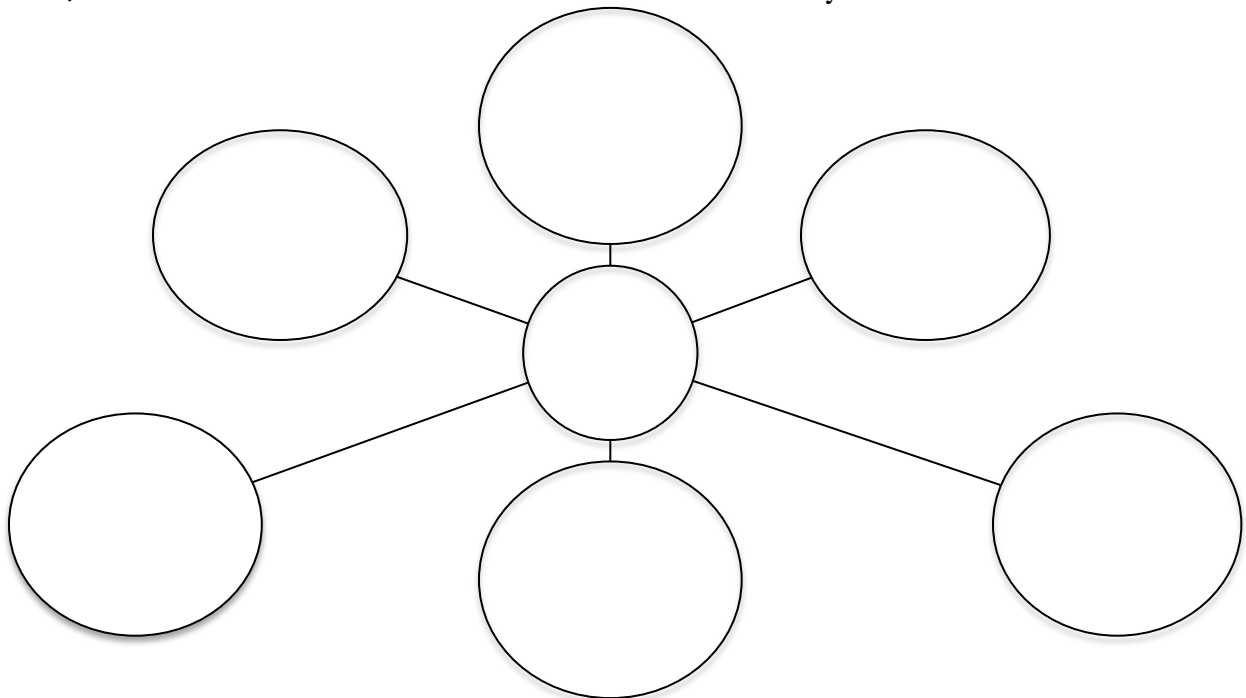

What is the solution?

What issue is the solution attempting to resolve?

Provide a brief description:

Advantages	Disadvantages

Use the following bubble chart to describe facts and statistics about your solution. In the middle write your solution, in the outer bubbles write 4 facts and 2 statistics about your solution.

Are any organizations involved in advancing this solution?

Provide the sources where you found your information:

- 1.
- 2.
- 3.

## Solution Grid

Use the following grid to evaluate the characteristics of many solutions based on ease of implementation, the amount of impact, and the cost of implementation. Also evaluate whether an individual, a group or an institution can best execute the solution.

Solution	Difficulty (Easy 1-5 Hard)	Impact (None 1-5 Significant)	Cost (0-\$\$\$\$)	Group (Individual, Group, Institutional)
