

A look at the numbers...

See fact sources in notes section starting at page 416

48
Number of "Not in Our Town" campaigns that have been started in cities across America to combat hate groups.

11 million undocumented immigrants live and work in America today, most without access to becoming legal US residents.

\$200 billion

Cost to deport all the undocumented immigrants in the United States. In addition, it would take about 30 years.

\$66 billion

Tax revenue that would be generated each year by integration of immigrants. **This would more than cover the budget for the State Department and the EPA combined.**

59%
of Fortune 500 companies and 23 states offer equal rights to same sex couples.

Marriage provides over 1,000 benefits that are denied to same-sex couples.

There are currently more than **2.3 million people locked up** in US prisons and jails.

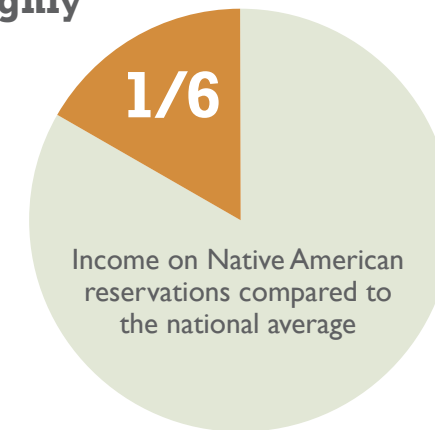

33%

Drop in crime in the 90s after New York began focusing on prevention and rehabilitation, lowering its incarceration rate by 15%

\$3 billion

Amount that could be saved annually if 10% of the non-violent prison population were on parole instead of in prison.

Native American reservations have **average incomes roughly one-sixth** the national average.

When farmers sell their crops to corporations, most receive just **20 cents of every dollar** of the retail price.

15%

Percentage of the country's electricity that could be provided from wind power on reservation lands.

110,000

Number of jobs that would be supported by that amount of wind power generation on reservation lands

\$10

If every household in America would spend this much on local food per week,

\$60 billion

would be invested in their local economies annually.
